

To help your cat enjoy a happy, healthy life, preventive care visits include the following:

	Basic	Essential	Comprehensive
<p>Chemistry profile and complete blood count (CBC)— Basic Regular price \$162.00 Essential and Comprehensive Regular price \$202.00 A blood chemistry profile, including SDMA, provides information about your cat's kidneys, liver, and pancreas, as well as other functions of the body, such as blood sugar and hydration. A CBC can identify infection, inflammation, and anemia.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Fecal test—Regular price \$66.00 This test checks for intestinal parasites that may live in your cat's gastrointestinal tract. Since they are usually hidden from view, the only way to detect and identify most intestinal parasites is by doing a fecal test.</p>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Thyroid function test—Regular price \$81.00 Comprehensive also includes Free T4 Regular price \$222.00 A thyroid function test detects whether or not your cat's thyroid gland is functioning properly. Thyroid disease is very common in older cats.</p>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Complete urinalysis—Regular price \$62.00 This analysis assesses the overall health of your cat's urinary tract, including the kidneys and bladder. It identifies infection or inflammation in the urinary tract.</p>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<p>Feline Spec® fPL™ pancreas screening test—Regular price \$150.00 Problems with the digestive organs may be due to an inflamed pancreas, diabetes, or some types of cancers.</p>			<input checked="" type="checkbox"/>
Regular total cost:	\$228.00	\$411.00	\$702.00
Discounted preventive care bundle cost:	\$100.00	\$200.00	\$230.00
